## Men's and Boys' Furnishings. Many After-Inventory Reductions

Among the Bargain Friday Offers This Week.

Semi-annual inventory is over. Unrivalled value-giving will follow. Inventory is good for the business. And it is equally advantageous to you as a careful buyer. This stock-taking process shows where there is too much or too 2c little merchandise to be carried profitably. The one extreme is as dangerous as the other, and must be as studiously avoided. The stock chief picks and prunes accordingly. His strongest lever is price cutting. He is using that lever 25c relentlessly now.
